

PEERNOVATION

Peernovation Professional Certification Program©

Overview

The Peernovation Professional Certification Program © consists of 6 modules (to be held weekly) which will run 90-minutes to 2 hours each, with supplemental reading and viewing materials provided between the live sessions. All sessions will be recorded for your convenience. All materials (including a copy of *Peernovation: What Peer Advisory Groups Can Teach Us About High-Performing Teams*) will be provided to you in advance of each module by Peernovation, LLC.

Upon completion of the program, you will be a certified Peernovation Facilitator. You can then deliver Peernovation copyrighted programs and webinars to peer advisory groups, forums, and all levels and types of organizational teams to augment your coaching or consulting practice.

In addition to acquiring a command of the material, our certification program places a great deal of emphasis on helping you make this program your own - one that's connected to your story and experiences. It will make delivering Peernovation more seamless for you and provide the audience with greater lasting value.
